TESTED & SPECIFIED FOR
EXTREME AMBIENT **110°F**

Stainless Steel
Upright freezers >>

Designed to operate in 110°F ambient temperature

>> Upright freezers

single & double door

Features

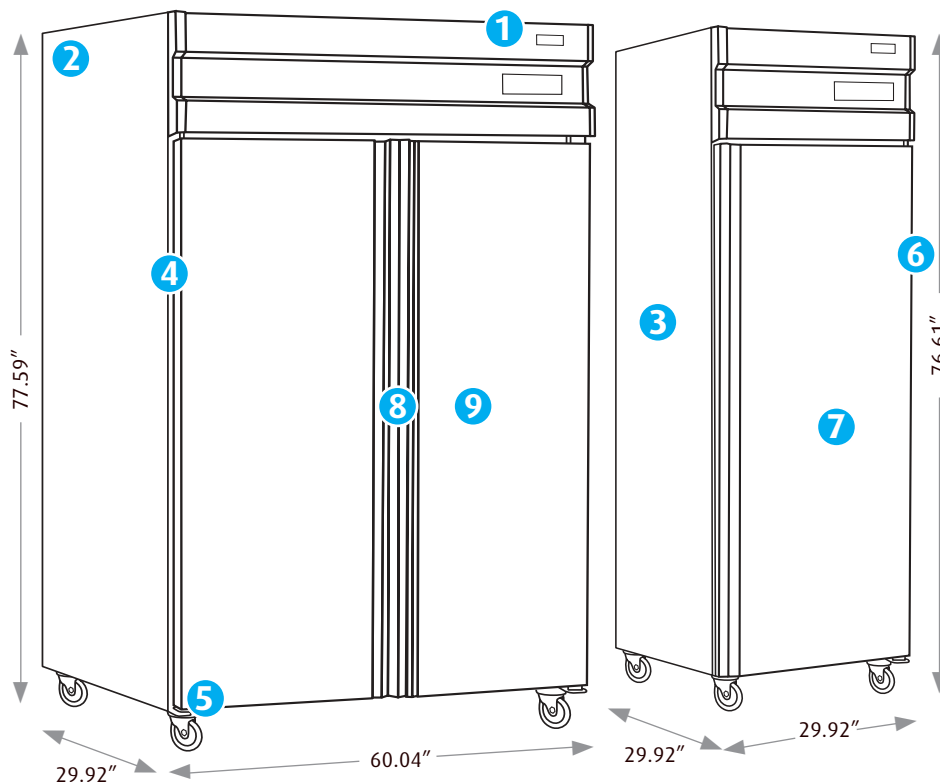

- 1 Digital temperature display
 - 2 High ambient operating temperature up to 110°F
 - 3 304 food grade stainless steel exterior and interior
 - 4 Strong hinges – capable of withstanding enormous force
 - 5 Four soft castors, two lockable
 - 6 Rounded edges with no gaps in finish
 - 7 Easily removable interior components
 - 8 Smooth edge, easy grasp handles
-
- Pressed steel fabrication
-
- Ventilated cooling technology
-
- Meets all food storage safety requirements
-
- Automatic defrost
-
- 9 Self closing doors. Doors also open to 110°.

Designed to heavy industrial specification, the Husky upright freezer range will meet the chilling requirements of all busy catering environments.

Its tough exterior is 304 food grade stainless steel, helping you meet critical food safety standards. The interior is also fully finished in stainless steel.

Choose from a single or double door version: both feature self-closing doors.

Both offer generous freezing capacity, and will keep on working efficiently even in the hottest kitchens, thanks to their advanced digital control and very high operating ambient temperature of up to 110°F.

Specifications
