ZubZero froster >>

>> ZubZero froster

Features

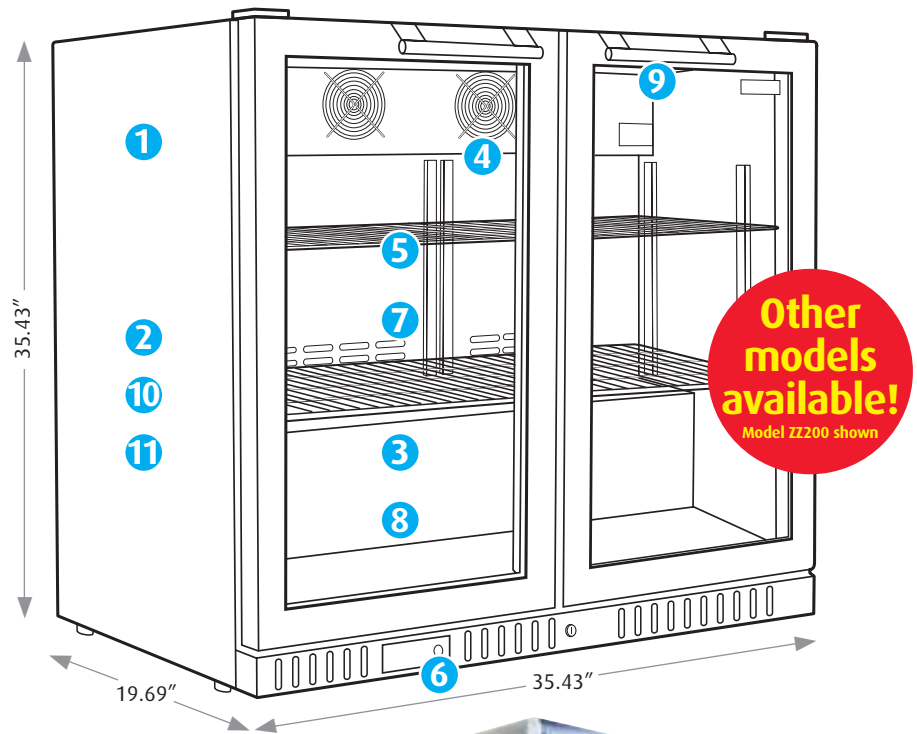

- 1 Total stainless steel construction inside and out** Provides ultra cool image — and ultra cold product!
- 2 Pressure injected foam insulation** Maximum possible insulation ensures lowest possible energy wastage and significantly increases lifespan of compressor
- 3 Self closing doors** Minimize temperature disturbance and escape of cold air
- 4 Fan assisted cooling** Ensures even temperature spread inside of the chiller and quicker pull down (cool down) times
- 5 Double-layer glass** Allows product visibility at all times, helps prevent frosting or condensation
- 6 Digital temperature controller with LED Display** Tells you and your customers the drinks are ice cold, and allows control of the exact temperature required
- 7 Automatic defrost** Ensures lower and more accurate temperature control between 18°F-20°F (-4°C to -5°C). Significantly improves use of energy, and can lead to a longer compressor life
- 8 Full length double glazed glass door** Devotes maximum area to display your high profit lines and ensures the ultimate in impulse sales
- 9 Interior illumination** Display contents to full effect
- 10 Solid construction** Ensures longer life under heavy usage
- 11 R134a refrigerant.**

Many leading beer brands now rely on being served ice cold – some even below zero.

So we're expecting a frosty reception for the new Husky ZubZero range.

Specially designed for this growing market, **the ZubZero dispenses product as low as 20°F (-5°C)**, featuring super-spec compressor and fans to blast-chill bottled beers and glasses down to freezing temperatures. The interior is manufactured from hygienic high-grade stainless steel for an ultra cool look and industrial wear and tear. The perforated steel shelves can support bottled beers without bending, and the extra-large display announces from a distance that truly frosted beer is ready.

Another brrrr-illiant Husky innovation.

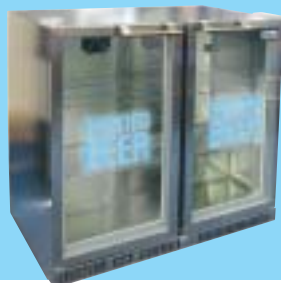

WARNING: Husky ZubZero is not suitable for all beers due to possibility of freezing.

Specifications

ZZ70 Single door undercounter froster

External Dimensions: 35.43x16.54x17.32" (HxWxD)
 Nett capacity: 2.15 cu.ft.
 Nett weight: 77 lbs.
 Refrigerant: R134A
 Shelves: 2 chrome
 Air Cooling: Turbo air fan
 Voltage: 110v/60Hz
 Consumption: 2.1kWh/24h
 Container Qty: 219
 Approval: CE

ZZ200 Double door undercounter froster

External Dimensions: 35.43x35.43x19.69" (HxWxD)
 Nett capacity: 6.88 cu.ft.
 Nett weight: 157 lbs.
 Refrigerant: R134A
 Shelves: 2 chrome
 Air Cooling: Turbo air fan
 Voltage: 110v/60Hz
 Consumption: 3.5kWh/24h
 Container Qty: 96
 Approval: CE

ZZ450 Upright single door froster

External Dimensions: 73.43x23.43x28.35" (HxWxD)
 Nett capacity: 15.89 cu.ft.
 Nett weight: 165 lbs.
 Refrigerant: R134A
 Shelves: 5 chrome
 Air Cooling: Turbo air fan
 Voltage: 110v/60Hz
 Consumption: 4.3kWh/24h
 Container Qty: 54
 Approval: CE
